By pressing the yellow button marked with a bell for a few moments, communication with a professional rescue team will be established.

SMOKING PROHIBITED: In accordance with the Act amending the Restriction of the Use of Tobacco Products Act (Official Gazette of the Republic of Slovenia, No. 60/07) SMOKING IS PROHIBITED on faculty premises (including all buildings, parking spaces, driveways and lawns).

- Exam registration
- Withdraw from exams
- View registrations
- Exam dates
- Exam results
- Preliminary exam registration
- Withdraw from preliminary exams
- Preliminary exam results
- Preliminary exam dates
- Student records

Exam registration:

After logging into the System with your username and password, choose "EXAMS / Exam registration" in the menu on the left. In the field »Course« on the right, choose the course for which you would like to register (you will only see a list of courses for which you have yet to pass the exam and for which the registration deadline has not expired). Confirm your selection by clicking »SUBMIT«. A list of exam dates for the chosen course appears. Choose the desired exam date by clicking »REGISTER«. This completes the registration. You can see an example in the picture below. If the registration button is not visible, the exam date is more than 3 weeks away, which means that the registration is not yet possible.

Problems you may encounter:

- If your past registration for an exam is still open (every registration must be closed by a grade or by a withdrawal from the exam), you cannot register for a new date on the same course. You can view open registrations in "EXAMS / View registrations". If any of your past registrations are open, contact the departmental secretary. The list of departments is available [here](#).

Slovene Learning Online

Slovene Learning Online is a freely accessible online course in Slovene for foreigners, developed at the Centre for Slovene as a Second and Foreign Language in cooperation with the company DigiEd. The course is for all those who wish to learn Slovene on their own in a simple, playful and effective way.

How to begin?

First choose your language by clicking the speech cloud icon. Then register. If you are already registered, log in here.

Slovenia

Do you already know Slovenia well? Have you heard of Mount Triglav? Have you ever eaten *potica*? If you want to get to know Slovenia better, watch the short animation which will tell you what is special about it and what it is known for.

Slovene

The best way to get to know Slovenia and its people is through the Slovene language, which has a long spoken and written tradition. The animation below will tell you about the language. If you learn the odd Slovene word while you are watching, then the Slovenes you meet will be very pleased.
