## GENERAL INFORMATION

Second cycle study programs (regardless of the education course) last 2 years (4 semesters) and have a cumulative value of 120 ECTS credits. Combined study programmes / courses must be necessarily combined with another combined study programme/course. Combined teacher education programmes/ courses can however be combined only with combined teacher education programmes or courses (and not with non-teacher combined courses). The only exceptions to this rule are programmes Andragogy - combined teacher education course and Pedagogy - combined teacher education programme: both can be linked with all combined teacher education programmes and courses as well as (non-teacher) combined education programmes and courses but not with one another.

Upon successful completion of the second cycle study programmes, students can continue their education within Faculty of Arts in the Interdisciplinary doctoral study programme in Humanities and Social Sciences.
